Welcome Message

Dear friends,

greetings

After successful organisation of MPISGCON 2024 in Jabalpur, our annual academic feast, MPISGCON has been handed over to Gwalior team.

The conference is planned on 30th and 31 August 2025

As we grow in numerical strength in MPISG, Our annual event provides a prudent opportunity for updating our knowledge and introduction of new members who have started practicing in tier2 & tier 3 cities.

As a speciality gastroenterology has many overlapping areas with other medical specialities, it will be our endeavour to involve other specialities in conference so that recent advances percolate down to physician level .

The conference will involve lectures from eminent national faculties and from our own budding colleagues along with video digest and poster presentation

**We are sure that by organising this conference, we will be able to generate interest in physicians and surgeons about the speciality.
In this era of social media, we will try to raise public awareness on socially relevant topics too.**

The weather in Gwalior is humid in August, but we have chosen a venue to make things comfortable & fun filled .

Looking forward for you all for the extravaganza.

Regards,
